ENVIRONMENTAL STEWARDSHIP

Not just words for today,
but actions that will ensure an
even better way of life for tomorrow.

Design: J2 Golf – J2GolfMarketing.com

THE IDEA OF SUSTAINABLE COMMUNITIES WILL BE A MAJOR FOCUS IN THE COMING YEARS IS YOUR COMMUNITY GOING TO BE A LEADER IN THIS MOVEMENT?

BENEFITS YOUR COMMUNITY WILL ENJOY

- Reduction in water and energy costs through conservation efforts
- Individual homeowner environmental and safety evaluations
- Environmental Stewardship Manager on property
- Certification of approved lawn care providers to ensure the appropriate application of fertilizers and chemicals
- Environmentally themed seminars open to all residents
- Reduced carbon footprint community wide
- Assistance with obtaining energy rebates
- Wildlife conservation advice

SUSTAINABLE COMMUNITIES PROGRAM

A comprehensive plan designed to maximize your community's environmental and economic well-being

Sustainability International works directly with residents to promote the highest levels of community involvement through various committees and education programs

Ensures that your community is using its natural resources in the most efficient manner possible

Inspire neighboring communities to join in the effort to implement sustainability initiatives that help protect the environment for future generations

Customized set of program manuals for clubhouse display detailing what your community is doing in the areas of: Natural Resource Management, Integrated Pest Management, Nutrient Management and Environmental Best Management Practices
